

PARSONS BY PRISMATIQUE

Parsons occasional tables

Simplicity explains the appeal of the classic Parsons table. Linear and straightforward, it represents precise sophistication. Prismatic offers Parsons in three distinct frame options providing you endless application possibilities.

Start at the top

The design collaboration begins with the tabletop. Whether it's granite, marble, wood, glass, laminate, "inlay" combinations or something completely different, our experience in offering surface material freedom lets you transform your ideas into tables built to impress.

Customize with confidence

Prismatique has specialized in tables for over 25 years. To us, every aspect of a table is important so we precisely engineer from top to bottom.

In addition to a complete range of standard tables for conference, training and occasional applications, we offer the ability to customize with confidence. For variations in size, finish, detailing or materials, you can count on Prismatique's expertise to deliver to your specifications.

Learn more about customizing your Parsons occasional table on the back page.

Customize your Parsons

Your size?

Whether it's a small change or a radical departure from our popular sizes, talk to us about creating a table that fits your precise requirements.

Your top?

We already offer more tops than anyone in the business. But why not customize the part of the table that everyone sees first?

Your edge?

The beauty is in the details, and a distinctive edge can make all the difference. Show us your ideas and we'll take it from there.

Your height?

Tall, short, or anywhere in between, we can create a table at a height that meets your specs.

Your base finish?

Like all other aspects of Prismatic tables, you can customize the base finish. Let us know what you have in mind.
